- 硬幣點算機能一併點算不同面值的流 通硬幣,客戶毋須預先將不同面值的 硬幣分開。
- Coin counting machines can count coins of mixed denominations together. Customers do not need to sort their coins by denomination beforehand.
- 2. 為確保硬幣點算機正常運作,客戶必 須先清理帶來硬幣當中的雜物和塵 埃。服務人員會要求客戶拆除包裝並 將所有硬幣倒進服務人員提供的膠 盤,篩走雜物和塵埃後方進行點算。
- 2. To ensure smooth operation of the coin counting machines, customers should first remove all other objects and dirt among the coins. Each customer will be requested to remove any packaging and put all coins into a plastic tray provided by the customer representatives, so that objects and dirt are removed from the coins before they are counted.
- 3. 為保持暢順服務流程,每人每次回收 上限為大約 10 公斤硬幣。收銀車內設 有電子磅,超出 10 公斤者需要再次輪 候。
- To maintain a smooth customer flow, each customer is limited to around 10 kg of coins for each transaction. Customers with a large quantity of coins are requested to have their coins weighed and queue again for processing coins exceeding this limit.
- 若客戶不同意經點算的硬幣金額,可 全數取回硬幣。確認金額後,服務人 員會印發收條,經確認的硬幣將不會 退還客戶。
- 4. All coins will be returned to the customer if he or she does not agree on the counted amount. Upon the customer's confirmation, a receipt will be issued. Counted and confirmed coins will not be returned to the customer.
- 5. 服務人員會檢查硬幣狀況。如發現雜物、染色、沾水、發霉或不可辨認的硬幣,會取出並交還客戶,以免影響機器正常運作。
- 5. The customer service representatives will inspect the coins. Any other objects, or dyed, wet or mouldy coins, or coins that cannot be distinguished will be returned to the customer in order to prevent damage to the coin counting machine.
